CANCER SOCIETY DONATION—Arnie Beyer, Territory Manager for Amoco Oil from Traverse City, representing 19 dealers from Michigan, Illinois and Indiana, presented a \$500 check to Jack Alet, president of the Crawford County Cancer Society.

On October 14th a group of Amoco Oil dealers met at the Holiday Inn in Grayling for a dealer success seminar, one of a series of seminars held throughout the state. Instructor for the group was Bob Carey from the E. K. Williams Company of Youngstown, Ohio, and by the conclusion of the seminar feelings were high in regards to its success, as well as toward the community that served them during their visit.

As a good will gesture of thanks to the community, the dealers contributed toward the County's Cancer Society Fund on behalf of Amoco Oil.

Body of Missing Bay City Man Found by Hunters

The body of a Bay City man who had been missing since Labor Day weekend while on a berry picking outing in Beaver Creek Township was discovered about 7:30 a.m. Sunday by a young boy deer hunting.

Bernard Glowiak, 65, had been the subject of a 7-day intensive search by approximately 250 people including, Crawford County Sheriff's deputies, Michigan State Police with tracking dogs, and three aircraft, of a 2 by 4 mile area, with a total area of 4 by 8 miles searched.

Crawford County Sheriff Harold Hatfield said, Glowiak's body was found about two miles south and about three-fourths of a mile east of the point he had been seen last September 2nd.

The body was discovered by Duane Reinbold, 16, of Saginaw, hunting with his father and another man in the area the first two days of the season, according to officials.

Because of an illness, Mr. Glowiak was unable to care for himself, and was last seen sitting in a car while his wife Geraldine, 59, and a friend picked blueberries in the vicinity.

No autopsy has been ordered because, "We are sure he died of a heart attack or exposure," Hatfield said. We believe he died within 24 hours of the time he became lost because he was unable to care for himself and the nights were "very cold" then.

The area where the body was found had been filled with 3-foot high ferns, that had been knocked down by the snowfall that covered the county on Friday, and disappeared by Sunday, exposing the body, officers said.

Sheriff Hatfield said, the body was identified because the description of clothing, hat and sunglasses matched.

Senior Citizens Receive Estate Planning Ideas

by Willard Bosserman,
County Extension Director

I met with the senior citizens at their luncheon in Roscommon, Prudenville, St. Helen, and Grayling to give them pointers on estate planning.

I don't profess to be an expert on the subject, however I can help people get some of their things in order. By having a good idea how you want to distribute your property, it makes the job of your attorney much easier. I emphasize the importance of having your attorney tie it all together for you. For instance if the will is not written properly, it may not even be legal, and not carry out your wishes.

There are tools for conveying property to heirs besides a will. A contract is one method. Life insurance and annuities are two examples of contracts. They designate who shall receive the benefits of the policy. It is important to check once in a while to make sure the beneficiary listed is still alive or is still the one you want to receive the insurance.

If there is no beneficiary or if the beneficiary listed is dead, the insurance becomes part of the estate and is probated along with the rest of the estate. By going through the estate, it will be subject to state inheritance tax. Insurance going directly to the heir is not subject to Michigan inheritance tax, however is subject to Federal tax.

Joint ownership with rights of survivorship is another way of conveying property. This is direct without it becoming part of the estate which must be probated. It is not subject to Michigan inheritance tax, but is subject to federal tax.

As long as I am talking of inheritance taxes, I may as well mention the exemptions.

A surviving spouse has a \$30,000 exemptions under the Michigan inheritance law. A federal estate tax must be filed if the decedent leaves a gross estate of \$60,000 or more.

Some of the objectives of estate planning are: 1. Transfer property during life while providing a sufficient, dependable income for you and your wife during retirement. 2. Reduce income and gift taxes. 3. Minimize state and federal taxes and estate settlement costs. 4. Distribute property according to your wishes, providing equitable treatment of the surviving spouse and other heirs. 5. Prevent economic hardship for spouse and heirs from lack of money available for living expenses while waiting settlement of the estate. 6. Accomplish charitable acts, if desired. 7. Protect minor children in case both you and your wife die in a common accident, by naming a guardian. 8. Select a qualified executor.

We try to avoid probate, on some property in order to prevent economic hardship for the spouse and heirs during the probate procedure. Even a will needs to go through probate, but can speed

Viking Cage Squads Named

Following a week of tryouts, the Grayling Vikings' Varsity, Junior Varsity and Freshman basketball squads have been selected for the coming season.

The Vikes open their 1974-75 campaign against a Michigan-Huron Shores Conference foe on Friday, Nov. 29th, when they will entertain the Charlevoix Rayders on their home court.

Varsity coach Al Vissia, in his second year at the helm of the Vikings' ship has selected a 14-member squad that includes 7 returning letter winners.

Returning lettermen, all seniors, include: Jim Sanderson, John Tobin, Cliff Bonamie, Mark Hanson, Don Weaver, Steve Winger and Neil Doty. They will be joined by Jon Thompson and Keith Barker, seniors, and juniors, Scott Montague, Ken Doty, Craig Hinkle, Justin Potter and Rick Good.

For the Junior Varsity, who

will be under new coach Tom Mills, making the squad are: Norm Theaker, Perry Papendick, Mike Money, Steve Olsen, Mike Schlie, Dan Bonamie, Bill Dean, Dave White, Doug Moon, Al Johnston, Randy McClain and Tom Weideman.

Coach Mills handled the Freshman team last year, and has moved up to the JV's with Warren Hayes taking over the Frosh squad for the coming season.

Coach Hayes has picked a 14-player squad that will include: Randy Erickson, Gary Granda, Dave Marquett, Dean Smith, Doug Kuhn, Tom Kaiser, Mark Golinick, Bob Nimke, Brian Ruddy, Brian Duncan, Doug Latuszek, Phil Trudgeon, Sherm Holey and Cliff Wheeler.

Coach Vissia stated Monday, "It was too early to name his starters, or even the first 8-10 regulars that will see most of the action this year," but added, "we will have more depth than we did last year, and plan on using it."

A three-way scrimmage will be held here on Monday, Nov. 25th, with the Vikings hosting Beaverton and Central Lake, with all three levels taking part.

Following the scrimmage, the coaches will have a better line on what they can expect from their individual cagers, which will determine their playing status.

3 Bound Over To Circuit Court On B&E Charges

Following preliminary examination of one, and two others waiving examination on charges of breaking and entering in district court last week, all three were bound over to circuit court by Judge Francis Walsh.

Morris R. Pollack, Jr., 24, of Madison Heights, demanded exam and was bound over to circuit court, with his bond of \$7,500 continued.

Burton G. Galligan, 19, and Clifton W. Barracks, 17, both of Troy, waived their examination and were bound over to circuit court. They were released on personal bond of \$2,500 each.

\$42,000 Gen-Tel Project Here

A \$42,000 project to provide additional telephone facilities in the Lovells' area will be started in mid-November. This announcement was made by W. D. Hansen, General Telephone Company's Northern Division Manager. "There are not presently adequate spare cable facilities available in the Lovells' area of the Grayling exchange," Hansen added. By using a carrier (electronic equipment) facilities for approximately 40 customers can be provided without the addition of outside plant such as buried cable, wire and poles.

The Avalanche — Your
Want Ad Paper

At Roscommon, Nov. 21-22-23

To Present "Play It Again, Sam"

"Play It Again, Sam," a three act adult comedy, will be presented by the Main Street Players at the Roscommon High School Auditorium Thursday, Friday and Saturday, November 21, 22 and 23. Curtain time is 8:00 p.m. and the ticket price is \$1.50.

With Humphrey Bogart as coach, several weeks of diligent rehearsal have produced a polished cast and crew.

But Bogart hasn't really coached the entire company. That has been the job of Maggie DeSantis and Tom Tarrant, each holding the position as co-directors.

As a mentor, Bogart (Jim Curcuro) has only had to worry about Allan Felix (Dane Madison). And that has been something to worry about.

As the play opens, Allan is pondering Bogart's success with women, having just lost his wife. Dick and Linda Christie (Doug Barber and Sue Barnett), Allan's best friends, try to soothe him by fixing him up with a succession of lovely dates, each and every one a disaster. Allan ends up falling in love with Linda, and so discovering, with Bogart's help of course, that all he must do is be himself.

The company is filled by: Sue Homer as Sharon Lake; Sue Shattuck as Dream Sharon;

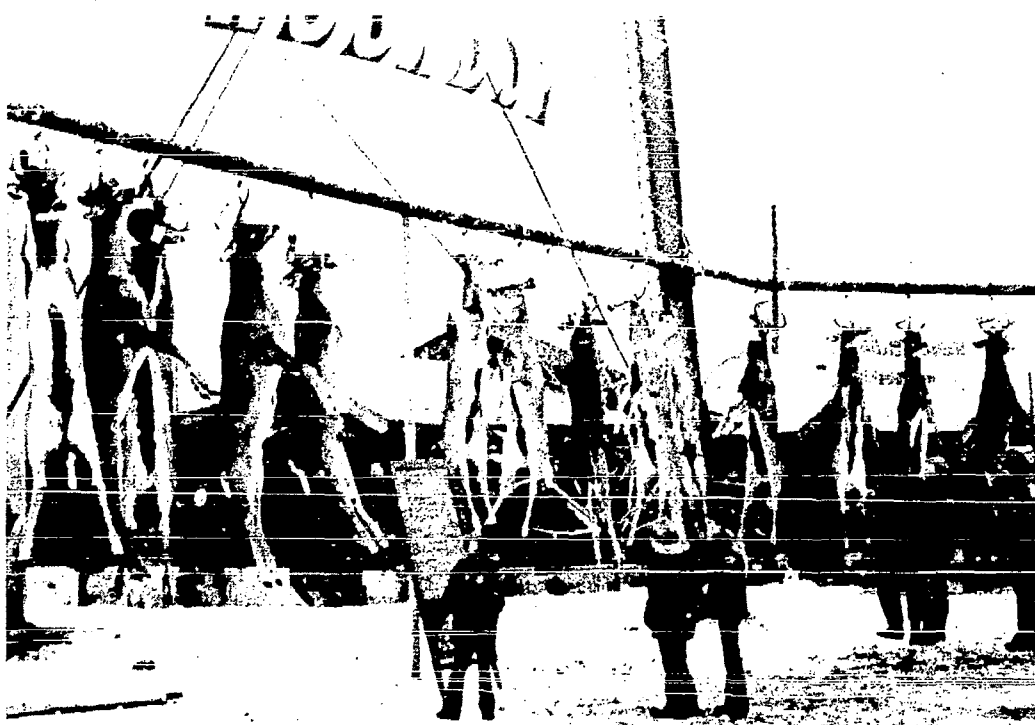

Carole Chilton as Vanessa; Kitty Funk as the Go-Go Girl; Mary Parker as Gina; Pat Tarrant as the Intellectual Girl; Thelma Brozo as Nancy; Pam Kline as Barbara Tyler; Bill Curnalia, technical director; Curt Jansen, stage manager; Ann Dosch, set designer; Fred Swaffer and Tom Weede, lighting; Mary Barber, sound; Barb Hess and June Karjalainen, music; and Josie Ostling, tickets.

So, if you are looking for an excuse to laugh this weekend, your best bet is "Play It Again, Sam" at the Roscommon High School Auditorium. Tickets may be purchased at the Crawford County Avalanche or at the door.

Scouts Enjoy Wilderness Trek

On Saturday, November 9, Webelos leader Loren Goodale of Pack 993, accompanied by 16 boys, 8 fathers, Den Chief Loren Goodale III, Herbie Stephan and Webelos leader Jack Kesby, Cubmaster Harold Breckow and 3 boys from Pack 978, Frederic, went to Wilderness State Park.

After lunch, a hike was taken to Mt. Nebo; then, upon arrival back to camp, slides were shown on wildlife in the area. A good time was had by all. It's too bad some of the fathers didn't make it.

Biggest Bag of Bucks in Years

The 9th Annual Red Coat Roundup sponsored by the Grayling Regional Chamber of Commerce produced the greatest quantity, as well as greatest quality, of bucks ever hung on the Buck Pole. Some 66 bucks were weighed at the Buck Pole, and 28 were hung on the Pole at various times from Friday morning until Saturday afternoon.

The first buck was hung at 8:08 a.m. on Friday morning with Dan Hall of Pontiac capturing honors with a 112#, 7 pt. buck. The next nine hunters also captured prizes...Thomas Dunning of E. Detroit with a 150#, 6 pt. buck; John Wejrowski of Grayling a 170#, 10 pt. buck; Jim Bernie of Farmington a 144#, 8 pt. buck; Gerald Albers of Sterling Hts. a 100#, 4 pt. buck; Jean Winston of Port Huron a 120#, 5 pt. buck; Juli Buron of Westmont, Illinois (daughter of the Tony Burons of Grayling) a 108#, 4 pt. buck; Roland Chickard of Monroe a 152#, 8 pt. buck; Wasy Budurowich of Detroit a 140#, 7 pt. buck; and Les Ballard of Mt. Clemens a 140#, 8 pt. buck.

Mrs. Winston also received an extra prize for being the first woman to bring in a buck.

Honors for the largest racked buck went to Steven Toosdale of Grayling with a 12 pt., 160# buck. The prize for heaviest buck went to Ralph Fisher of Vestaburg with a 179#, 9 pt. buck.

The youngest hunter was Bob Beck of St. Johns with a 153#, 7 pt. buck. Bob is 15 years old; however, he returned to St. Johns early on Sunday before the winner of the prize was determined and Buck Pole officials were unable to secure his proper mailing address so the gift certificate could be mailed to him.

Anyone knowing Bob Beck of St. Johns and able to give the Chamber of Commerce his correct address is asked to contact the Grayling Regional Chamber of Commerce.

Local Musicians in Dream Band

Five members of the Grayling Senior Band have earned positions in the M.S.B.O.A. District II 1974-75 Honor's Band. The district includes 27 school districts in Northern Lower Michigan. The band will rehearse on Saturday, November 22, with the final concert at Gaylord High School Sunday, November 23, at 3:00 p.m. Admission is \$1.50 for adults, \$.75 for students under 12.

Symphony Well Received

Tuesday evening, November 12th saw about one hundred eighty people in attendance at the Joseph Stripe Auditorium to open Grayling's first Artist Course Series. Appearing was the sixty piece symphony orchestra from Central Michigan University under the direction of Dr. Paul Willwerth. The first half of the program was comprised of Beethoven's "Lenore Overture No. 3" and the "Prelude to the Opera, Lohengrin" by Richard Wagner. Following a short intermission, the orchestra performed the entire score of Mussorgsky's "Pictures at an Exhibition." The high degree of musicianship demonstrated by the orchestra coupled with the pleasant surroundings of the Joseph Stripe Auditorium provided an exciting musical experience for those who were in attendance.

Those members of the audience who were contacted after the performance were thrilled by the performance of the C.M.U. Symphony and all expressed a keen desire for the Artist Course to be continued in the future and that a symphony be planned each year as part of the series.

Future performances in this year's series include nationally acclaimed poet and reader James Tipton who will be appearing next in the series on Tuesday evening, January 14, 1975. Mr. Tipton will be followed by the Central Michigan University Stage Band on February 18 and the Adrian College Singers on March 18.

Jack Pine's Stump

Last Friday the Bay City Times carried a front page story which I read with amazement and considerable amusement. It concerned itself with what the Times thinks is its own uncovering of a cover-up - the Saga of Bear Mountain. This particular story carried a picture of a dog chained to the entrance of the main building and the caption stated that no caretaker lived at the place. If that be true, then who takes care of the dog? Or does that dog survive by eating up trespassers and drinking rain water? Now I know something about the caretaker at Bear Mountain and I know something about that dog, which the Times referred to as

"menacing." That dog is about as menacing as a bowl of warm Jello. It is true that if you get close enough to her she will jump on you - and probably lick you to death. I suppose one could consider that as "menacing." Actually the dog, who is only eleven months, was chained because she was in heat and displayed a remarkable tendency to wander over to Circle D Riding Stables to visit some other dogs, one or two of whom showed considerable interest in this menacing creature. Usually the dog follows the caretaker on his rounds, bounding and jumping with friendly abandon. Oh well, no matter what the Times says, there is a resident caretaker at Bear Mt. and he does have a dog. But whether the dog is menacing would depend on the viewpoint of the beholder.

The big question around town, however, is whether or not the ski area will be open this winter. A new local group has been formed to investigate this very possibility and I feel that if the group can get around all the legal tangles, we will have skiing on a limited basis. Even on a limited basis is better than nothing, and nothing is what we have been facing up to now. But they better get at it; time runneth short and fast.

-JP-

I heard a story, unverified at this point, that some deer hunter swiped a running beer truck and drove it back to his deer camp a short ways from town. That's got to be classic. Maybe his buddies sent him into town for more beer, and he just decided he would really do it right. He sure as hell did. While some hunters may have bagged such things as beer trucks, a goodly portion seem to have nailed deer on opening weekend - at least from the looks of the deer pole and the cars heading south last Sunday afternoon and evening. However, an alarming number of local people say they haven't managed to connect as yet - that, or they aren't admitting it.

-JP-

I lost a newspaper clipping from about ten days ago in which was reported that the DNR had just released the results of Department study which recommended, among other things, the removal of the Mill Pond dam here in Grayling. Which is what Trout Unlimited has been yapping for all along. I am always suspicious of these Department "studies" and ask myself whether the originators start out with a pre-conceived opinion and then set about to "prove" it. And knowing the unholy influence TU has had in the past on the DNR, this report will be viewed with suspicion by skeptical old.....

GRAYLING, MICHIGAN — THURSDAY, NOVEMBER 21, 1974

Good Old Days

The late 1950's were not, at the time, considered to be the greatest. Things were pretty slow, and the nation's total output of goods and services only increased between one and two percent annually. The rate of inflation was down around 1.5 percent during the early 1960's. Then came the transition from the Eisenhower stability years to a new decade of rattle-dazzle growth. Now, some 20 years later, after a war or two and a record-breaking series of federal deficits, inflation is really moving, but the country is not.

New political thinking will have to go into the job of reducing inflation and encouraging real economic growth. The toughest kind of economic trouble a country can face is double-digit inflation combined with a recession. And that is precisely what too much political tinkering with the works of the American economy has produced. Most people today would trade the current brand of stagflation for a breathing spell resembling those much-reviled sluggish years of the 1950's—those good old days when prices went down, as well as up.

Some Tribute to a President

Who would have thought that the death of a U.S. President might place in jeopardy a Constitutional right that he staunchly supported? Yet in the years since President John F. Kennedy's death, the campaign to limit and/or abolish private gun ownership in this nation has gained alarming momentum, as exemplified by passage of the 1968 Gun Control Act.

Ironically, the pro-gun President would doubtless have opposed such radical measures. In 1969, Mr. Kennedy is quoted by Illinois attorney Robert Kukla as saying, "by calling attention to a well-regulated militia for the security of the nation, and the right of each citizen to keep and bear arms, our founding fathers recognized the essentially civilian nature of our economy...the Second Amendment...still remains an important declaration of our basic military-civilian relationships, in which every citizen must be ready to participate in the defense of his country. For that reason I believe (it)...will always be important."

The wisdom of those words is more apparent today than ever. With gun thefts and crime on the rise, the national Gun Control Act and its counterparts in the various states have become a mockery. Somehow, lawbreakers always manage to sidestep legislation aimed at curbing crime. It makes no sense to hound the average, law-abiding citizen who owns firearms for sport or protection of home and business. The goal should be apprehension and punishment of the criminal rather than his potential victim.

Can you really improve your gas mileage?

You sure can, if you'll follow these economy tips from NAPA.

Avoid fast starts.

Acceleration should be neither too fast nor too slow.

Drive a little slower.

The difference in travel time between 50 and 65 is very little. But, the difference in gas mileage is a lot.

Stay safe.

Have your car inspected regularly for worn or damaged parts. Getting there economically is important. But, getting there safely is more important.

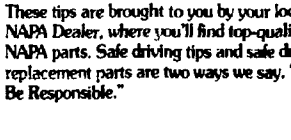

Drive smoothly.

Watch the traffic to avoid sudden stops or sudden bursts of power.

Stay tuned.

A properly tuned car will get up to 10% better mileage than a poorly tuned car. It will also create less pollution.

Stay safe.

These tips are brought to you by your local NAPA Dealer, where you'll find top-quality NAPA parts. Safe driving tips and safe driving replacement parts are two ways we say, "Let's Be Responsible."

Alumni News

The Board of Directors had their last meeting of 1974 on November 7th, to finish the business details from the Alumni Dinner and Party. We report that we are in "black ink" figures. In the early spring, Association members will receive a full report, along with the news letter and voting ballot.

Last week I lost a very dear friend, Norman Dawson, Class of '33, passed away. Sincere sympathy goes out to Matilda and her family. While standing near Norman at the Funeral Home with three of his grandsons, I mentioned that Bud was their grandpa's basketball buddy. They really beamed when that magic word was mentioned. Know what they replied? Did you know that Grandpa played against the "Globe Trotters"? That I did. I was very partial to that Hanson Cafe team.

Your kindness will always be cherished. Again, thank you most sincerely.

THE BIBLE SPEAKS

From Calvary Baptist Church

YOUTH REVOLUTION

America is in the midst of a youth revolution. During the last decade we saw much active dissent. Today the thrust is on passive resistance due to the degree of repression exercised by society.

Let us examine some of the thinking behind the youth revolution. They feel Americans have lost control of the machinery of our society. They feel that our "system" has become an inhuman monster which is a danger to the freedom and lives of all of us. They feel that only a new set of values, and a new culture can restore control. They are concerned over private power over law in America. They are concerned about the rigidity of our "system" and its repression of efforts toward dissent and change.

Youth are concerned about the effects of uncontrolled technology. Our technology has operated in the past without regard to our environment. Natural resources have been wasted and destroyed. The "American dream" which our fore-fathers have worked to build was based upon the false assumption of unlimited natural resources. Now that we know our natural resources are limited, Americans are slow to change their dreams of affluence for a simple life style.

Youth are concerned about people in our country. Technology has dictated their lives until they operate like machines. They work for money to buy things which television has convinced them they need. They are bored, servile and mindless, while all their cultural values are for sale. Youth are disturbed by the anti-community relationship of people who live in loneliness and alienation from each other.

They are disturbed by an educational system governed by the state which styles each American into a productive unit for a

technological society. Youth are concerned about the loss of independence or "self" among individual Americans.

Youth feels that most adults are blinded to their own failures. They feel that adults are hypocritical in their approach to problems in our society. They cannot understand the race problem, poverty problems and distorted priorities in America.

Now before we criticize youth, let us acknowledge that they see some real problems from a different light than we have approached them. For several years youth has seen through the emptiness and shame of our materialism. They see the need to restore the value of people above machines and technology. We are all aware that children and youth can detect hypocrisy much faster and easier than an adult. Even Jesus said: "...I thank thee, O Father, Lord of heaven and earth, because thou hast hid these things from the wise and prudent, and hast revealed them unto babes." Mat 11:25. As this is true in the spiritual realm, it is also true in the natural realm.

Although we do not agree with the solutions proposed by youth, let us at least give them credit for trying to make us aware of our problems. The answer to our problems is not revolution, but revival. Unless we soon have a revival of Bible Christianity, we face a certain revolution which will replace the moral values of the Bible with human ideologies.

Mr. and Mrs. Roy Roper and Darleen Thomas visited the former's daughter and son in law, Mr. and Mrs. Jim Olender of Chelsea, the weekend of November 9th. They celebrated the 25th birthday of Mike Roper, who drove down from Ferris State College and joined them.

Leonard Allison collected a 12-point buck on opening day of deer season. It weighed about 190 lbs. field-dressed.

The Chuck Ficks received a note from the Karol Millers, former Grayling residents, who recently moved to Willows, California. They say that they enjoy it out there but miss our doctors and Mercy Hospital.

Mr. and Mrs. Keith Huntington, Kay Dee and Gordon, Mrs. L. W. Huntington, and Mrs. Fillion of Eaton Rapids, and Mr. and Mrs. Bill Joseph, Jr. of Trenton were weekend guests of Mr. and Mrs. William Joseph, Sr., on Nov. 8 - 10. They all attended the play at the high school Saturday evening.

Mr. and Mrs. William Joseph, Sr., attended the Women's Apparel Show in Detroit on Nov. 11 and then continued on to Louisville, Ky., for a couple of days.

Mr. and Mrs. William Weaver and family spent 8 days vacationing in Kentucky and Tennessee. They attended the gift show in Gatlinburg, Tenn. and visited Mammoth Caves, the Great Smokies, a Cherokee Reservation, and they were most impressed by the Patton Museum at Ft. Knox which has an exhibit of weapons from several wars.

Mr. and Mrs. Carl Reynolds had as their guests for hunting this past weekend, her parents, Mr. and Mrs. Michael George of Livonia and her brother and wife, Mr. and Mrs. Richard George of Traverse City.

Mr. and Mrs. Rick Reed spent from Nov. 3 to the 8th in Las Vegas where they attended the New Now National Beauty Show.

Mr. and Mrs. John Weiss of Thompson stopped at their daughter's, the Rick Reeds last weekend enroute to Florida.

Tom Hilton of Portland spent the weekend with his parents, Mr. and Mrs. George Hilton. Both he and his father were lucky bringing in an 8-point and a 10-point buck.

A pre-holiday dinner for the Roy Smith family was held recently at the David Englund residence. Those attending were the Jack Smiths of Fremont, the John Wilsons of Jackson and the David Welches of Rockford. The entire family attended the Baptist Church Service on Sunday.

Colleen Mary Doman, daughter of Mr. and Mrs. Richard Doman of Grayling, and Walter Michael Moskalski, son of Mr. and Mrs. Francis Moskalski of

West Point, Virginia, were united in marriage Saturday, October 19, in an unusual ceremony.

Dr. Charles L. Hargis of West Point officiated at the double ring sunrise wedding ceremony on top of "Pasture Fence Mountain" which is between Shenandoah Valley and Shenandoah National Park, at Charlottesville, Virginia. A two hour jog up the mountain, with guests being transported in live trucks, preceded the wedding.

The bride's mother and groom's father attended the couple.

After jogging back down the Mountain, an outdoor Mountain Breakfast was served at Mountain Family Resort.

The bride's gown was of white acrylic fur (ideal for the falling snow which came down during the ceremony). She carried a bouquet of mixed fall flowers with red roses.

A joyous time was had by the many friends and relatives who attended from Minnesota, Wisconsin, Florida and Michigan.

Following a two week honeymoon trip to Maine, the newlyweds are making their home in Arlington, Va., where the groom is employed at Metro Construction Co. and the bride is employed at the C.I.A.

Dear Whiteley:

May I request a new address for my subscription of your newspaper. We have moved to a new home in Virginia, and will still maintain our permanent residence in Grayling...also our voting registration. IF IT FITZ

Jim Fitzgerald

It's all in the family

In honor of the birthday of Terrible Jean, the Fitz clan gathered at my house and voted unanimously that I should quit picking on President Ford and instead write nice things about my relatives.

The only hesitant vote came from sister Linda, the family expert on national affairs. She hadn't heard about Nixon resigning.

I don't know how we got on the subject of Stupid Jim writing a newspaper column. I'm always humble about my fame which has now spread to the very edges of my backyard. Perhaps the family was set off by the birthday cake which featured the regular heading of this column, in blue frosting, with my picture firmly implanted under Plexiglas.

"I thought it was my birthday," Terrible Jean said.

"Shut up," I said humbly. "You're always picking on me. Read the fine type."

It said "50 years of Terrible Jean is plenty."

There is nothing remarkable about Terrible Jean becoming 50 and I mention it only by way of pointing out that she does have a remarkable birthday coming. A computerized projection, just like on TV election night, indicates that in a few years Terrible Jean will become the first daughter older than her mother.

Mother was there, of course, performing her usual party task. Which is to tell me to be quiet while everyone else is singing.

Most of the real singing is done by Terrible Jean, brother-in-law Jack, and my wife. They sound like the Andrews Sisters except Jack is bald. They always sing Irish songs which is nice for brother-in-law Tony, the Arab who said if they didn't change their tune he would call his camel into the house.

Brother-in-law Bill, husband of Terrible Jean, is generally conceded to be the only family member who sings worse than I do. Despite several requests, we sang a duet. Tony's camel got up and went home.

Sister Mary Lou, wife of singer Jack, doesn't sing, although her lips are usually moving. She is counting his drinks. On her 50th birthday, the family plans to chip in and buy her a pocket computer.

So that no feelings will be hurt, it should be mentioned that the 4th sister, Nancy the Itch, couldn't be present. She lives in Cincinnati and couldn't make the trip because her husband, the family klutz, had a Little League tournament that weekend. He plays right field, naturally.

Aunt Florence and Aunt Madeline were there. Florence and her late husband got me into the newspaper business. She parked the cross she bears outside, next to Tony's camel.

Madeline cried at all the singing. I thought it was a natural reaction, similar to being tear gassed. But Madeline insisted she was crying because she was happy to be part of such a wonderful family.

So am I.

Richard Milliman

What happened on Nov. 5?

Ah, the American voter. How strange and complex are his ways.

Trying to figure out what really happened at the Nov. 5 election is almost as confusing as trying to figure out who won the Michigan State-Ohio State football game. More mystifying yet in both cases is trying to figure out how or why.

It was only two years ago that the American voter bestowed overwhelming approval on Richard M. Nixon and his Republican administration.

The new broom the voter applied this year, sweeping almost everything in its path, indicates the storage twists that the political trail can take in a very short time.

That's one reason it serves no purpose to handicap the 1976 presidential sweepstakes on the basis of 1974 election returns. Who knows what will happen between now and then?

In Michigan, the voter handed Gov. Bill Milliken a loaded deck.

"Hey, Gov.," the people seemed to say, "we like you and trust you. But those Republicans you hang around with...no way, man! So get the job done with the guys from the other side of the tracks."

Which, I guess, is another way of saying the Michigan voter finds no magic in partisanship for its own sake.

My own voting precinct apparently is not unlike most others in Michigan. Delta Township Precinct 2 normally is heavy Republican. This year, we voted about 3-to-1 for Milliken, then crossed over to about 3-to-1 for Democrats Frank Kelley and Richard Austin, then settled back to about even-up on legislative candidates (neither of whom, incidentally, was an incumbent), and then favored Republicans on local races by about 3-to-2.

So the voters elected a governor of one party, and at the same election gave him whopping opposition majorities in both houses at the state legislature—24-14 in the Senate and 66-44 in the House, based on first returns.

Any legislation that comes out of the state capitol in the next four years is going to have a Democratic seal of

approval in prominent display.

At the same time, Republican Milliken must approve whatever emerges from the capitol—or wear out his veto-signing arm in an unusual display of front office stiff-neckedness, a trait which has not been a Milliken hallmark so far in public service.

In a word, the message the voters have sent to those in power in Lansing is this: Compromise.

From a purely partisan standpoint, split responsibility between the legislative and executive branches has certain advantages; either party can blame the other for the state of affairs when it is bad, and claim solitary credit in the unlikely event the state of affairs should be good.

The flip side to compromise is obstructionism. From time to time in the months ahead, Democrats certainly will attempt to make political hay out of the divided situation on the state capitol. So will Republicans.

It will be a measure of either side's public responsibility as to whether progress through compromise on the one hand, or stalemate through obstruction on the other, gains the upper hand.

Several years back, Democratic Gov. G. Mennen Williams was being elected with regularity by the voters, who at the same time returned year after year solid Republican majorities to both state Senate and state House.

There were those who argued that the voters were shrewder than might appear on the surface, and that the voters had much more in mind than simple but perverse delight in bedeviling public officials with built-in opposition.

They argued that the voters really didn't trust either party, and by putting one set of rascals in the governor's office, and another set of rascals in the legislative branch, the public would be safe from both.

The historical record is not clear on how this logic may have worked for the public good.

But maybe that's what happened then, and maybe that's what is happening again in the 1974 Michigan election.

Hartung-Waiker Vows Nov. 16

Jodi Hartung, daughter of Mr. and Mrs. Robert Hartung of Lewiston, became the bride of James L. Walker in a double ring ceremony on November 16 at Michelson Memorial United Methodist Church in Grayling. James is the son of Mr. and Mrs. Kenneth Walker of Roscommon.

Jodi, who was given in marriage by her father, wore a gown of polyester and eyelet. It was of empire design. The high neck yoke and long cuffed sleeves were of eyelet, trimmed with eyelet lace and white satin ribbon. The lace also encircled the chapel length train. Her veil of bridal illusion was fingertip length and trimmed with lace. It was secured to a bonnet of white lace daisies. She carried a cascade bouquet of white daisies, with blue star flowers and white satin ribbon.

Miss Denise Hartung, the bride's sister, was her maid of honor. Her gown was of an organza print with tiny deep

blue roses on white. It was fashioned with a scoop neckline and puffed sleeves. She carried a white wicker basket of daisies trimmed with deep blue velvet ribbon streamers and bow.

The groom was attended by Kenneth Mills as best man. The guests were seated by Robert "Gene" Hartung, brother of the bride, and Dan Bennett, a friend of the groom.

For her daughter's wedding, Mrs. Hartung chose an eggshell floor length gown of polyester. The groom's mother wore a tan floor length knit gown. Both mothers wore corsages of yellow daisies.

The reception was held at the Grayling American Legion Hall. Following a honeymoon in the Upper Peninsula, the couple will make their home in Roscommon.

Jodi is a graduate of Johannesburg - Lewiston High School and is employed at Glen's Market in Grayling. James is a graduate of Gerrish-Higgins High School in Roscommon and is employed by his father at Walker Enterprises in Grayling.

Girl Cagers Defeat Boyne

Last Thursday the Viking Girls traveled to Boyne City for a grudge match against the Ramblers, who had previously downed Grayling by 6 points. The Viking cagers provided an 8 point lead in the first quarter as they out-scored the Ramblers 18-10 and then rolled to a half-time score of 29-20.

The Vikings remained strong in the second half as they increased their lead to 11 points, 41-30, at the conclusion of the third quarter. The Ramblers out-scored the Vikings in the final quarter 14-8, but this did not prove to be enough as the Viking Girls won 49-44.

Leading the scoring for Grayling was Wendy Gee with 17 points and Cindy O'Mara with 12 points. Rounding out the scoring was Teresa Stephan and Penny Rosin with 6 points each, Ellen O'Mara with 4 and LaDawn Baade and Patty Kequom with 2 each.

The Viking J.V.'s lost in a seesaw battle, 27-23. Sue Flanagan lead the J.V.'s with 12 points, followed by Becky Morse with 5, Bonnie Partello with 4 and Eileen Schmidt with 2 points.

District action for the girls starts Saturday, November 23, as they drew a bye for the first round. They will meet the winner of the Rogers City - Onaway game at Onaway.

City Council Proceedings

Regular meeting of the City Council held Tuesday, November 12, 1974 at 7:30 p.m.

The meeting was called to order by Mayor McEvers at 7:30 p.m. Members present: Palmer, Golinick, Hanson and McEvers. Member absent: Bovee. Also in attendance: Jerry W. Morford, City Manager, Allen V. Schreiner, City Treasurer, Nelson A. Miles, City Attorney, Al Harland, Elaine Harland, Ed Lowrie and Mrs. Hall.

Motion by Golinick, supported by Palmer that the minutes of the meeting of October 28, 1974 be approved as presented. Ayes: 4, Nays: 0, Absent: 1, motion carried.

No communications were received.

No citizens were present who wished to speak.

OLD BUSINESS

Discussion of the County Dog Control Facility was tabled indefinitely due to previous action by the County Board of Commissioners.

Discussion of water and sewer rates was delayed due to lack of information.

The 1974 storm drain project will be completed within the next two weeks.

The new well drilling has been completed and work is commencing on the well house. This project is on schedule.

Discussion was held on a possible employee recognition program. Mr. Morford recommended the establishment of this program. Mr. Morford recommended the establishment of this type of program to give recognition to employees of long tenure. *Mr. Bovee was now present.

Discussion was held on possible change in cemetery rates. Mr. Morford read a letter which he has sent to surrounding townships which establishes a flat rate of \$125.00 per interment for all such occasions handled by City employees.

NEW BUSINESS

Mr. Morford presented a proposed site plan for the old school property on Madsen Street. This apartment development would be for 24 units. Mr. Fraser asked for preliminary approval and will present a final plan prior to actual construction. Moved by Golinick, supported by Bovee that preliminary approval be granted the above project with the provision that final detailed site plan approval will be required prior to construction. Ayes: 5, Nays: 0, motion carried.

Meeting was recessed for a joint meeting with the Grayling Township Board. Mr. Fowler was selected as chairman.

The meeting was to discuss the Airport Agreement with the Township-City-County. Mr. McEvers said that a request had been received from the County Board Chairman for a written agreement. He felt that perhaps something should be prepared in writing to define what has happened in the past. Mr. Fowler stated that he is reluctant to have Grayling Township involved in any agreement due to lack of action on the part of the County Prosecutor. Mr. Fowler noted there was no action since May, 1974, on a legal action against Grayling Air, Inc. The information was turned over to the Prosecutor in May and no action has been forthcoming. Mr. Miles was asked for his comments. He stated that he is of the opinion that the agreement should have been terminated long ago due to the violations of long standing by Grayling Air, Inc. He also recommended that Grayling Air, Inc. be notified that their operating agreement is terminated and also notify the Government that this action has been taken. Mr. Bovee pointed out that the lease has been assigned to Crawford County and they (the County Board of Commissioners) will have to take any action.

Discussion was held on the joint City-Township fire station Change Order #1.

The joint meeting was adjourned.

The City Council meeting was reconvened.

Mr. Morford reported on the MML meeting in Traverse City in relation to Unemployment Compensation and Fair Labor Standards Act. Mr. Morford recommended the adoption of the status of a reimbursing employer under the options available. Motion by McEvers, supported by Bovee that the City of Grayling become a reimbursing employer under the Unemployment Compensation Act of the State of Michigan. Ayes: 5, Nays: 0, motion carried.

Mr. Miles reported on Parcel "A" at Mayor McEvers request. Prosecutor Huss maintains that he does not have a proper description to be able to prepare a deed. Mr. Miles is to pursue the matter to a conclusion. Mr. Miles also stated that a new action is being taken on Rochester Paving problem and possibly this will enable us to get this taken care of.

Mr. McEvers reported that he has received a call from Dave Morris of the Governor's staff to the effect that not all the by-laws of the Regional Development Commissions are uniform regarding representation of local units and that some, including Northeast, appear to be in violation of the intent of the State in setting up the regions. The Governor's staff will look into this, matter on a State-wide basis and hopes to issue guidelines soon.

Mr. McEvers has received several complaints about air rifles being used within the City. Mr. Morford stated that it is a violation of the City Ordinance to discharge an air rifle and/or B-B gun inside the City limits.

Mr. Hanson asked about progress on the compilation of ordinances. Mr. Morford will meet with Mr. Miles to work on this problem.

Mr. Golinick asked about any information on patching black-top on Michigan Avenue. Mr. Morford has talked to the County Road Commission to see if they can handle this.

Mr. Hanson reported on his discussion with National Guard about the local law enforcement agencies using the National Guard firing ranges. There are no problems except that of being able to block all trail roads into the firing area. A lengthy discussion of the possibilities followed. Mr. Morford will set up a meeting with law enforcement officers and Mr. Hanson to further discuss the problem.

Mr. Morford reported on the following:
Payment of Scott Engineering \$2,778.77.
A letter relative to plowing sidewalks at Ausagra Acres.
Newspaper article re: AuSable River Woes.
Presentation to Council of the October, 1974 financial statements.
Payment of CPA audit fee.
Property at 705 Ionia Street is in bad repair and is a detriment to the neighborhood and a danger to children. Council directed the City Manager to have the building boarded up to protect citizens and the costs are to be borne by the owner.
Animals being raised inside the City limits. The City Manager was directed to enforce the City Ordinance with regard to this problem.
The Old City Landfill has been covered and no more refuse may be deposited there.
Motion by Golinick, supported by Bovee that the meeting be adjourned. Ayes: 5, Nays: 0, motion carried.
Meeting adjourned at 9:52 p.m.

Majesty

Beyond the timber line rises sheer rock, towering above the clouds themselves. Looking at this great giant of nature we marvel at God's creations . . . and are aware of the comparative insignificance of man.

Yet, man is far from insignificant, save in physical size. For God, after all, made man in His image. And He gave man a brain, and a soul, with a sense of right and wrong. He gave him character and responsibility.

It is man who can progress to heights far greater than this mountain. But he needs help to do it—God's help, through the help of the Church.

You weren't meant to stand alone in this world. Remember that . . . and go to Church this Sunday.

League of Women Voters Meet Here

Twelve northern Michigan cities were represented in Grayling on Tuesday, November 12, at a Northern Area Meeting called by the League of Women Voters of Michigan. League Presidents and leaders from Grand Traverse Area, Manistee, Cadillac-Wexford, Midland, Mt. Pleasant, Gratiot County, Alpena, Saginaw and Bay County were included.

Conference topics for the all day session at Chief Shoppengon's Motor Hotel were: Action program, Individual member participation and Voters' Service.

Citizen participation in government is basic to the democratic process and is therefore the cornerstone of the League's political purpose. In November and October, prior to the election, Leagues all over Michigan distributed over 250,000 copies of the Voters' Guide, which contained in-depth, nonpartisan information on candidates for all state offices and ballot proposals. The Guides were distributed to citizens as a public service to encourage greater voter turn out on election day.

The League acts in the public interest on political issues, to open up the electoral and other government processes, to make facts on the issues more accessible to citizens, and works to protect the right of every citizen to vote. Whatever the issue, the League believes that government policy, programs and performance must meet these criteria: competent personnel with clear responsibilities, coordination among agencies and levels of government, adequate financing, effective enforcement and well defined channels for citizen input and review.

Like government, the League functions on four levels: Local, regional, state and national. Members of a local League are also members of the state and national organizations. Selected government issues are chosen by the members for study, consensus and action.

The League of Women Voters is a nonpartisan political organization whose purpose is to encourage citizens to participate actively in government and politics. It is "grassroots" because members are the decision makers, it is political because it takes action on a wide variety of governmental issues, and it is nonpartisan because it does not support or oppose candidates or parties.

Membership is open to all citizens 18 years or older. More information about League membership may be obtained by writing to: Mrs. Gerald Haberland, Northern Area Coordinator, League of Women Voters of Michigan, 5113 S. Maple Grove Court, Bay City, MI. 48706; or the League office: League of Women Voters of Michigan, 202 Mill St., Lansing, MI. 48933.

Frederic News

by Arlein Kesby

Mr. and Mrs. Michael Lance and baby were Sunday afternoon callers of Mr. and Mrs. Jack Kesby.

The Pancake Supper, which was held on November 13, was a very great success. The pancake mix and restaurant were donated by Mr. and Mrs. Breckow. It was sponsored by the Cub Scouts of Frederic. Don't forget to turn out for the Pack Meeting at the Frederic Town Hall this Thursday, the 21st, at 7:30.

There will be a Fish Fry every first and third Friday of the month at the Frederic Inn from 5:00 until 10:00 p.m.

We are still in need of Glen's grocery tapes and Betty Crocker coupons for the Frederic Library. They want to buy a projector and film.

FREDERIC HOBBY CLUB

The Frederic Hobby Club met at the home of Mrs. Vi Middleton on November 14, with five members present.

We discussed plans for our Christmas party and Christmas baskets. The door prize was won by Mrs. Marna Newberry. The next meeting will be December 5, with Mrs. Becky Baynham as hostess.

Dial down. It adds up.

Dial down your thermostat and you'll save money. All you have to do is consistently maintain lower temperatures in your home.

Let's look at a few facts.

1. You can save about 3% for every degree you permanently dial down during a heating season. For example, set your thermostat back five degrees, leave it there, and you'll save about 15%.
2. If you regularly set your thermostat back each night, you can save, too—more than 1% for every degree dialed down for an eight-hour period. For example, set your thermostat back seven degrees, and you'll save about 9%. Set it back ten degrees and save about 12%.
3. Of course, you can save even more by leaving your thermostat down

every day and dialing even further down at night.

4. You can save still more Gas and money by dialing down to 55 degrees while you're away from home for vacations or long weekends.

Any time you dial down for more than five hours you save. Just how much you'll save depends on several factors. How many degrees you dial back. How many hours you maintain this lower temperature setting. And the weather. The colder the weather, the greater the savings.

Our Gas is your lowest cost fuel. Use it efficiently and you'll save even more. So dial down. The savings can really add up. Conserve

America's vital supplies of Natural Gas, too.

your week ahead BY DR. A.W. DAMIS

Forecast Period: November 24 to November 30

ARIES
Mar. 21 - Apr. 19
Take care! Many members under your sign are prone to giving things away, this particular week. There's a difference between charity and the attempt to "buy" romance.

TAURUS
Apr. 20 - May 20
Advance with fixed bayonets! It seems as though, you, Taurus, face an ultimatum. Don't give ground, if you do... you'll concede far beyond your intention.

GEMINI
May 21 - June 20
The twin wolves, jealousy and anger, are hidden in the far dark corners of your thoughts. Try to get along with your associates and the opposite sex.

MOONCHILD
June 21 - July 22
You might feel secure in the knowledge that: Negative events, this week, will have little effect on your future. Actually, you're heading toward the bright light — at the tunnel's end.

LEO
July 23 - Aug. 22
Everybody knows that the same thing can't happen to all members of your sign. But, it's a safe bet, you'll be surprised by a promise that will be kept!

VIRGO
Aug. 23 - Sept. 22
You're in the mood for fun and games, especially with the opposite sex. And, your ability to persuade is at a peak. This week should be interesting.

LIBRA
Sept. 23 - Oct. 22
Thinking about breaking off a non-productive friendship? Anyway, you might not be aware of it, but, the feeling is mutual — you'll see!

SCORPIO
Oct. 23 - Nov. 21
Without conscious design, you'll spend most of this week living in the past, mentally. Your chart shows a rather pleasant series of events, nothing too emotional.

SAGITTARIUS
Nov. 22 - Dec. 21
Your hand is on the lever, all you need to do is — pull — and, you'll hit the jackpot! An insignificant project will blossom into a big thing.

CAPRICORN
Dec. 22 - Jan. 19
Strange, very strange, events are forecast for this cosmic cycle. Look for opposition to come from a friendly source, and, understanding to flow from your competition.

AQUARIUS
Jan. 20 - Feb. 18
There's a tendency, on your part, to enjoy mysterious and complicated members of the opposite sex. You'll meet or, at least, take the first step toward meeting such a person.

PISCES
Feb. 19 - Mar. 20
It's no secret, you always enjoy good news that comes from afar. Anyway, in one form or another, you'll hear about favorable things, from "far off."

New Guide Spotlights Michigan Winter Fun

LANSING—The 1974-75 edition of the popular Michigan Winter Sports Guide which pinpoints the state's snow fun areas is now available, according to the Michigan Tourist Council.

Published by the Council in cooperation with the state's four regional tourist associations, the guide has been scaled to the official Michigan highway map for convenience in locating specific winter sports centers and snowmobile areas.

The Winter Sports Guide includes the locations of 66 winter recreation areas, many featuring cross country as well as downhill skiing. It lists such details as the number of slopes, lifts, tows, accommodations and other special interest features.

Snowmobile listings are similar, including locations of 154 areas, trail names, length of trails in miles or size of the area in acres and the nearest town.

Plan now for that weekend or week of winter fun in Michigan. Write for a free copy of the Michigan Winter Sports Guide,

MARRIED 25 YEARS. Mr. and Mrs. Don Legg were the guests of honor at a party at the home of their son and wife, Mr. and Mrs. Douglas Legg, 1006 Vine St., on October 6th in celebration of their 25th wedding anniversary.

It was given by their children, the Douglas Leggs, Linda Sue Legg and Mr. and Mrs. Dick Baker. A potluck luncheon and a 3-tiered anniversary cake was enjoyed by between 30 and 40 guests.

The honored couple were presented with yellow roses by their children, a corsage for their mother and a boutonniere for their father.

Don Legg and Pat Perry were married in Grayling, October 8, 1949 by Rev. R. C. Puffer. Their attendants were Joan Rasmussen and the late Dick Legg. Don and Pat are the parents of two daughters and one son. They also have two grandchildren.

Out of town guests attending were from Kingston, Grand Ledge, Millford and Roscommon.

EAGLES AUX. #3465

The November 7th meeting was held with Madam President Vi Warner presiding. Eleven members answered roll call. A very interesting meeting was held.

Following adjournment, the group met with the men to discuss the District meeting. The next meeting will be on November 21st at 8 p.m. sharp.

On November 10th, the District meeting was held in the Masonic Hall with seven auxiliary members answering roll call. Two new members enrolled. They were Alice Smith of Redford and Sharon Neely of Grayling.

Following the meeting, we went over to the Grayling American Legion Hall for a very lovely dinner which was served by the men and women of Eagles #3465.

The legislature however, must tackle the problem of defining

Lansing Report

Representative Ralph Ottling
Taxation Issue Faces Legislature

One of the most important and toughest issues facing the legislature when it reconvenes is the issue of what to do about the state's tax structure as the result of voter repeal of the sales tax on food and drugs.

Since the voters repealed this tax in the November 5th election, news reports have been saying all kinds of things. For example, we have read and heard in the media that:

—Supermarkets will have to increase prices by five percent to enable them to purchase new equipment.

—It will take the consumer much longer to get through a check-out lane because food and non-food items have to be separated.

—There will be an increase in some other kind of tax to replace lost revenue.

—There will not be an increase in taxes to replace lost revenue.

The Treasury Department has been swamped with inquiries concerning methods of dealing with the non-tax on food and drugs and persons asking for a definition of food and non-food items.

Both the House and Senate Fiscal Agencies in reports submitted to the House Taxation Committee outline a plan by which the state could absorb the loss of revenue from the repeal of sales tax on food and drugs. That loss is expected to be \$80 million this fiscal year and \$200 million next year.

The fiscal agencies' reports indicate the state can further reduce its current expenditures, avoid a tax increase in 1975-76 and cover a relatively small gap between income and expenditures through borrowing from various state funds or other sources.

Senate Fiscal Agency officials recommend a tight budget policy, to which House Republicans have always been committed, with a combination of short range proposals that could allow sufficient time for revenue growth to again surpass expenditures.

The House report recommends a hard-nosed administrative approach to state spending even with the uncertainty of a lingering energy problem and a heavily inflated near-recession economy.

Governor Milliken said last week that his office is taking a hard look at possible budget cuts which include a possible freeze on filling state job vacancies.

The legislature however, must tackle the problem of defining

food and non-food items and deciding whether or not a tax increase will be necessary. The legislature will also be faced with the task of reducing expenditures if it is determined that a tax increase will not be implemented.

One of my colleagues in the House, Representative Martin Butth of Grand Rapids, who is Republican Vice-Chairman of the House Taxation Committee has previously said that cuts will likely come in the state school aid, welfare and higher education areas.

Article V, Section 20 of the Michigan Constitution states: "The Governor, with approval of the appropriating committees of the House and Senate, shall reduce expenditures authorized by appropriations whenever it appears that actual revenues for a fiscal period will fall below the revenue estimates on which appropriations for that period were based."

Elsewhere in the section the governor is barred from cutting spending for the legislative or judicial branches or from "funds constitutionally dedicated for specific purposes."

Needless to say, the decisions we will have to make as a result of the repeal are going to be tough ones.

the process. Probate isn't some hideous thing to be afraid of. It is an important link in our legal system. Without court administration, there would be no official record of whether the deceased left a valid will, who the heirs are, or the property interests of each heir. Also, in our system, title to real estate would be clouded without this official record. A probated will can be shown in any court as the basis of rights to property. An unprobated will has no legal standing.
